LCFC Honesty Flags
Supporter Guide
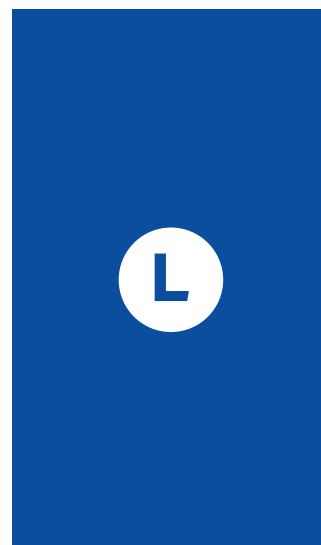

Thank you for taking the time to design an honesty flag. We have three different sizes of flags you can design.

600mm x 1,000mm

1,000mm x 1,500mm

1,700mm x 1,000mm

We have limited spaces for large flag submissions, so it's best to submit your design in all three sizes, just in case!

We advise that you use design software such as Adobe Photoshop, Adobe Illustrator or Adobe InDesign. Don't worry, if you're not a design expert we still welcome your submission, but we can only accept the following files:

.jpeg, .pdf, .psd, .ai or .indd

If you don't have any of the above software, you can use other more common tools such as Microsoft Powerpoint or Microsoft Word. Other free design tools are available online.

Unfortunately, we are not able to accept physical hand-drawn artwork, but if this is scanned at the highest resolution possible, we may be able to consider it (this will be determined by our print supplier).

Once you're happy with your design, please send it to us via the website link you downloaded this guide from.

Please note, your submission will be subject to our terms and conditions, which you can download before you submit your design.
